ONE PEACE BOOKS

SPRING 2022

WHO IS ONE PEACE BOOKS?

One Peace Books was founded in 2006 to translate and publish Japanese entertainment and literature for a North American audience. As the brainchild of successful Japanese publisher Sanctuary Books, One Peace Books occupies a unique place in the publishing industry—able to fully leverage the connections and industry knowledge to publish Japanese literature in translation.

As One Peace Books has grown, we've utilized those connections and passions to expand our publishing model to include original publications by other artists and writers as well. It is our hope in this way to act as a bridge between cultures. Publishing both Japanese translations and original publications is, in our own small way, an attempt to show that it truly is not language or borders that divide us.

As our catalog of North American titles expands, our relationship with our Japanese founders will allow the door to swing both ways by introducing our original North American publications back into Asia—our own small contribution to a more interconnected world built on mutual respect. We believe that art and entertainment is an infectious, necessary, endlessly enjoyable way to bring diverse sets of people together to share in a singular cause or emotion.

One World. One Love. One Peace.

Kohei is a college student who, because of his hearing loss, tends to distance himself from others. His attitude starts to change after he crosses paths with an ever-optimistic classmate named Taichi. And over time, the two begin to develop feelings for each other. As the story continues, the pair tries to balance their budding relationship alongside Taichi’s inspiring new career and Kohei’s continued studies at school. But the harder they try to make things work, the more misunderstandings they seem to encounter.

YUKI FUMINO’S first manga, *I Hear the Sunspot*, received a great deal of attention upon its publication in 2014, quickly leading to the development of a feature film.
